

CASA DEL OSO

Description

Description

An Extraordinary Level of Service. Beginning with pre-trip planning, to transfers from Puerto Vallarta International airport, to on- and off-property activities, the staff go to great lengths to assure the most rewarding vacations for our guests.

Casa del Oso's well-trained, full-time staff includes two concierges, a 24- hour butler, a villa manager, chef and kitchen assistants, servers, bartenders, housekeepers and a laundress.

By listening to guests' comments, observing hospitality industry trends and continually refining our services, we're able to not only make guests feel welcome, but also tailor a vacation to match your interests and those of your fellow travelers. Watch the Sun Melt into the Ocean.

With 180-degree Bay of Banderas views Casa del Oso's infinity pool is a favorite gathering place. Spanning more than 130 feet it is as visually impressive as it is refreshing.

Steps from the deck, dining palapa and palapa bar, it features a 12-foot-deep end, allowing for a consistently cool temperature. Adjacent to the pool is a heated, jetted pool, which is ideal when the temperatures change in the evening.

Guests relaxing in the sun loungers are lulled into a peaceful state by ocean waves lapping the shore and water cascading over the infinity pool’s expansive edge.
