

MI CORAZON

Description

Mi Corazon, a majestic beachfront villa, showcases the finest of traditional Mexican architecture with its white walls and high arches, set against the backdrop of a beach adorned with golden white sands and lively waves. The villa's design radiates rustic elegance, using natural materials like brick, stone, and wood to create a warm, earthy atmosphere. Inside, the spaciousness is amplified by floor-to-ceiling windows that fill the large open living room with natural light, complemented by very high ceilings and an overlooking Juliette balcony that adds an air of grandeur. The inviting kitchen, with its renovated granite work surfaces and top-level appliances, becomes a focal point for gathering and culinary enjoyment.

The outdoor experience at Mi Corazon is equally enchanting. Steps away from the beach, the villa offers a tranquil poolside terrace for those who prefer calm waters. Each ocean-facing room, including the bedrooms, features outdoor balconies, providing every opportunity to soak in the stunning views of the Sea of Cortez. The addition of a new outdoor bar and grill area enhances the outdoor living experience, allowing guests to fully embrace the picturesque surroundings and the beauty of one of Baja's most beautiful beaches. Mi Corazon is more than a vacation destination; it's a haven where traditional Mexican charm harmoniously blends with the luxury of beachfront living.
